ENTIRE ARMY RESERVE

Called Out by British Government to Fight Against the Boers.

VERY EXCITING SCENES IN DUBLIN.

Intense Contempt Expressed For Secretary Chamberlain by Irish Leaders—Transvaal Flag Seized by Police.

London, Dec. 18.—The war office issued the following announcement: "Acting upon the advice of the military authorities, her majesty's government has approved the following measure: All the remaining portions of the army reserve, including section D, are called out. The seventh division, which was being mobilized, will proceed to South Africa without delay.

"Nine battalions of militia, in addition to two battalions which have already volunteered for service at Malta, and one for service in the channel islands, will be allowed to volunteer for service outside of the United Kingdom, and an equivalent number of militia battalions will be embodied for service at home.

"A strong force of volunteers, selected from the yeomanry regiments, will be formed for service in South Africa. Arrangements are being made, and will be shortly announced, for the employment in South Africa of a strong contingent of carefully selected volunteers. The patriotic offers which are being received from the colonies, will so far as possible, be accepted, preference being given to offers of mounted contingents."

Notice of Roberts' Appointment.

London, Dec. 18.—The following notice was posted at the war office: "As the campaign in Natal, in the opinion of her majesty's government, is likely to require the presence and undivided attention of General Sir Redvers Buller, it has been decided to send Baron Roberts of Kandahar and Waterford as commander-in-chief in South Africa, with Lord Kitchener as chief of staff."

EXCITING SCENES

Witnessed In Dublin During a Pro-Boer Demonstration.

Dublin, Dec. 18.—The announcement that a pro-Boer meeting would be convened as a protest against the proposal of Trinity college to confer a degree upon Joseph Chamberlain led to exciting scenes.

A large force of police was called out and the troops were held in readiness. Maud Gonne, the so-called "Irish Joan of Arc," and James Connolly, the Irish Republican, drove in a wagonette to the place appointed for the meeting. Mr. Connolly tried to speak, but was prevented by the police. The wagonette then made a tour of the streets, the crowd rapidly increasing, cheering for the Boers, singing "God Save Ireland" and "We'll Hang Joe Chamberlain on a Sour Apple Tree."

While passing Dublin castle the occupants of the wagonette waved the Transvaal flag defiantly, whereupon the police stopped the vehicle and seized the flag.

The wagonette, attended by a large body of police, who often cleared the streets, then drove to the rooms of the Irish Transvaal committee, where Michael Davitt, William Redmond and J. O'Brien were waiting. A meeting of about 60 persons were held, Messrs. Davitt, Redmond and O'Brien speaking in violent condemnation of the war and of Mr. Chamberlain, and declaring that the latter's visit to Ireland at such a moment was proof of his callous nature. The speakers urged that, should an opportunity occur, Dublinites ought to show their determination of the colonial secretary in unmistakable fashion.

Mr. Davitt said: "All Irishmen rejoice in the triumphs of the Boers. No power in Europe would now fear Great Britain, except, perhaps, the Prince of Monaco."

Mr. Redmond said: "Mr. Chamberlain deserves not doctors, but executioners."

Ultimately a resolution, proposed by Mr. Davitt, was carried, denouncing the war and calling upon the powers, particularly the United States, to take steps to insure the independence of the Boer republic. The meeting closed amid tremendous cheers, evoked by a rumor that Ladysmith had fallen.

Natives in Rebellion.

Sterkstroom, Dec. 18.—As a result of the British reverses, the whole country northward is in rebellion. The natives there, as well as those in Basutoland, are said to be much disturbed and losing heart respecting the strength of the British.

Captured War Munition.

Pretoria, Dec. 18.—An official dispatch from Modder river says: "The Boers captured a great quantity of loot, including 200 Lee-Metfords, cases of cartridges and hundreds of bayonets. Great numbers of the British have retired from Two-Rivierien, in the direction of Belmont. The loss of the British was very great. There were heaps of dead in the field. The wounded are being attended to, temporarily at Bissel's farm. The savages and miners must have suffered severely. The Boers suffered heavy losses in horses. Monday was for us a brilliant victory. It has infused new spirit into our men and will enable them to achieve greater deeds."

To Determine Losses.

Durban, Dec. 18.—The Natal government Gazette announces that General Buller has appointed a commission to inquire into the losses of the people of the colony resulting from the Boer invasion.

Lieutenant Roberts Dies.

London, Dec. 18.—Lieutenant F. H. S. Roberts, son of Baron Roberts of Kandahar and Waterford, and who was wounded in the engagement at Tugela river, is dead.

Secret Meetings Held.

Cape Town, Dec. 18.—Secret meetings of Boer sympathizers continue to be held in various parts of Cape Colony, and the attitude of the Dutch farmers is truculent.

Shot His "Shadow."

Cincinnati, Dec. 18.—There was a sensational murder at the residence of E. Alexander Ferguson. Dudley Ferguson, son of E. A. Ferguson, has been afflicted recently and was quite melancholy on failing to pass the examination recently for admission to the bar. The family employed Gus Meehan, a well known detective, to "shadow" young Ferguson, more for the protection of the young man than anything else. When the detective appeared young Ferguson shot him and Meehan soon died. Dudley Ferguson was arrested. E. A. Ferguson is one of the most prominent attorneys here. He is the author of the act that built the Cincinnati Southern railway, on which he has been counsel and trustee, and he was a promoter of other enterprises.

To Secure Democratic Convention.

Cincinnati, Dec. 18.—There will be a strong effort made to have the next Democratic national convention held in Cincinnati. The building erected for the international saengerfest last June is still retained in expectation of having this national convention here. It was desired by many to make an effort for the Republican national convention, but it was said that the Republican committee would not consider any Ohio city when it was conceded that an Ohio man would be renominated. The saengerfest hall seats 14,500 and cost over \$90,000.

Saw No Service In War.

New York, Dec. 18.—The French line steamer *L'Aquitaine* arrived from Havre. *L'Aquitaine* was formerly the Hamburg-American line steamer *Normannia* of cholera fame. She was sold to Spain in 1898, and was converted to a cruiser and named the *Patria*. The war was ended before the craft could be used as a war vessel. The French line bought the vessel and gave her a thorough overhauling.

Dr. Hall's Successor.

New York, Dec. 18.—After formal and informal deliberations that have lasted for more than a year, the pulpit supply committee of the Fifth Avenue Presbyterian church has at last found a successor for the late Dr. John Hall, for many years pastor of that church. He is Rev. Dr. George T. Purves, pastor of the First Presbyterian church, Princeton, N. J.

Decrease in Prisoners.

Albany, N. Y., Dec. 18.—According to the annual statistical reports filed with the state prison commission, the total number of prisoners confined in the prisons, penitentiaries, reformatories, houses of refuge and county jails of the state is steadily on the decrease, and especially is this fact noticeable in the penitentiaries.

Chief of Police Shot.

Fargo, N. D., Dec. 18.—Chief of Police Murphy of Moorhead, Minn., was shot while attempting to arrest a burglar named Collins, on this side of the Red river. Collins shot and ran, but fell, dropping his revolver, which Murphy secured, and shot Collins in the head. Both men are in the Moorhead hospital at the point of death.

Queen Will Remain at Windsor.

London, Dec. 18.—The court news-men have issued the following announcement: "The arrangements made for the queen's departure from Windsor have been postponed until after Christmas, as, owing to the present state of affairs in South Africa, the queen is unwilling to be a great distance from London."

REMEDY IS PROPOSED

Against Extensive Employment of Young Women as Bread Winners.

GIRLS SHOULD BE BARRED BY LAW.

Dr. Smith of the People's Church at St. Paul Continues His Discussion on the Female Wage-Earners.

St. Paul, Minn., Dec. 18.—Rev. Dr. S. G. Smith of the People's church, whose arguments against women wage earners have attracted so much attention all over the country, presented his views of the troubles. Dr. Smith said: "In all the cloudy vituperation in regard to my recent utterances to the question of woman in labor, not a single fact has been shown to be false, or a single argument proved unsound. My statistics were taken from the very latest official reports. The awful conditions remain unchanged. The decrease of child labor has been paralleled by the increase in the labor of girls between 14 and 18 years, which is falsely called woman labor. The conditions of former times, when women did weaving and the like at home were conditions of severe labor, but at any rate these women produced for themselves and their families, and under wholesome sanitary and moral conditions. But it is not enough to show that the world is better off than it was formerly, it is incumbent upon my critics to show that it is as well off as it may be.

"I am an optimist, but not a crazy optimist who believes that all things are so good that it is no use trying to make them better. Progress is not blind, and now more than ever the evolution of the race should be guided by intelligent foresight. I am not under obligation to point out a remedy because I disclose a wrong. But I have suggestions to make. Four states forbid women to work in mines. These laws should be extended to about 100 of their present occupations, which are too severe and too unhealthy. Then all girls under 18 years should be forbidden to be employed in commercial and industrial pursuits. These measures would cut down women labor one-half. Then a movement, largely social and moral, but also by women organizing, should be made effective to give women who do equal work with men the same wages. Thus the family standard of wages would supplant the individual standard. The various assaults upon the family must be resisted, for it is the social unit. The Madonna with her own child in her arms must not be dethroned to make room for the public woman."

A Denial.

Indianapolis, Dec. 18.—The chairman of the committee of the National Civil Service Reform league gave out the following statement: "The press reports stating that serious differences occurred at the meeting of the National Civil Service Reform league in regard to the resolutions and report of the investigating committee are wholly false. The resolutions were agreed to with absolute unanimity, and no objection whatever was made to any part of the report of the investigating committee."

Filipino Prisoners.

Washington, Dec. 18.—General Otis has now in custody many important persons who were connected with the so-called Filipino government, but no decision as to their future disposition has been reached by the president. A member of the cabinet said the time had not yet come when the fate of these men could be determined. It is proposed to treat them humanely and with consideration such as would lead other Filipinos to surrender.

Coal Miners Made Happy.

Lansford, Pa., Dec. 18.—Notices have been posted by the Lehigh Coal and Navigation company to the effect that the market price of coal at tide is 6 per cent below the basis, and that all contract miners and inside laborers will be paid accordingly. This means an increase of 6 cents per week in the miners' wages and 21 cents for laborers. It will effect 3,000 employees.

Alien Will Be Seated.

Washington, Dec. 18.—Republican leaders in the senate say there will be no difficulty about the seating of Senator Alien. They say the Nebraska legislature discharged its duty in electing Mr. Hayward, and the fact that he did not qualify before he died does not affect the situation.

New York, Dec. 18.—Mueller, Schaefer & Company shipped \$250,000 in gold to Europe. Baring, Magoun & Company have increased their engagement to \$1,000,000. This house so far has engaged \$2,500,000.

AGUINADO'S TRIP.

He Is Said to Be Traveling in Direction of Salsona.

Manilla, Dec. 18.—The following dispatch, dated Dec. 15, has been received from a correspondent at Laoag, province of North Ilocos:

"Natives at Manitong, province of North Ilocos, report that, Aguinaldo, in disguise and accompanied by several of his generals, left Manitong last Saturday with 500 men, going in the direction of Salsona, from which point they intended to proceed to Cabugao, province of Cagayan.

"General Young's command is now divided into six or seven parties, which are operating in the mountains about Laoag. Several parties are hunting for General Tino.

"Major Swigert, with a detachment of the Third cavalry, had an engagement with 120 insurgents near Dinalgas. Two Americans were killed and two wounded. Several Filipinos were killed."

Arthur Orr Not Wrecked.

Owen Sound, Dec. 18.—Captain John Massey succeeded in getting the first news from the steamer Arthur Orr, which was believed to be ashore on Cove Island. He reported that the steamer is not ashore, but is at anchor. In the great storm of Tuesday last the steamer lost her propeller and steering gear, and the after cabins were swept away. It was a close escape from destruction, but no lives were lost. The steamer, apparently, drifted around Lake Huron until she reached the vicinity of Cove Island when the anchors were put down. Tugs from Midland and Owen Sound left to tow the wrecked boat to Parry Sound, and after it is unloaded they will tow her to dry dock at Port Huron.

Republican National Committee.

Washington, Dec. 18.—At a session of the Republican national committee the subcommittee on arrangements for the national convention was announced as follows: Manley (Me.) chairman, Payne (Wis.), Scott (W. Va.), Kerens (Mo.), Kean (N. J.); Hanna and Dick, chairman and secretary of the national committee, ex officio members. The selection of delegations for the District of Columbia was referred to an election board. There was some talk about the large representation from territories, but no action was taken. The committee adjourned to the call of the chairman.

Quay Committee at Work.

Washington, Dec. 18.—The investigation of the right of former Senator Quay of Pennsylvania to a seat in the senate by appointment of the governor of Pennsylvania was begun by the senate committee on privileges and elections. The hearing was purely a legal argument on the right of the governor to make an appointment in the circumstances which arose in the case of Mr. Quay—a question which has been repeatedly threshed over by the senate in other cases.

Troops to Return.

Washington, Dec. 18.—General Brooke at Havana has telegraphed to the war department that he has arranged to send the following troops at that station to the United States: Troops A, B, C and D, Eighth cavalry, 568 enlisted men, with Major Stanton and Lieutenants Dolson, Dixon, Williams and Lott, to go to Fort Riley, Kan., by way of New York. Captain Sayre will join the squadron at Fort Riley.

Going to England.

Detroit, Mich., Dec. 18.—Rev. J. T. Sunderland, D. D., formerly pastor of Unitarian churches in Ann Arbor, Mich., and Oakland, Cal., has accepted a call to the Highgate Unitarian church, London, England, the church of which the late Rev. Dr. Speare was pastor.

Three Children Burned.

Nicholasville, Ky., Dec. 18.—The family of Mr. and Mrs. Samuel Reynolds, consisting of three small children, aged 6, 3 and 1 years respectively, were burned to death. The parents of the victims returned in time to see the house collapse.

Sudden Death.

New York, Dec. 18.—Former Congressman James Nelson Pidcock, for 20 years a Democratic leader in New Jersey, died at his home in Whitehouse, N. J., of paralysis. He was stricken with paralysis while seated in his library.

Not Correct.

Washington, Dec. 18.—The announcement that Senator Hanna had leased the late Vice President Hobart's house in this city is stated to have been erroneous.

Damaged by Storm.

Mozambique, Portuguese East Africa, Dec. 18.—The island was swept by a terrific cyclone, which did immense damage, destroying many houses

A FORECAST OF VOTE.

No Republican in the House Will Oppose Financial Bill, 'Tis Said.

ARTFUL DODGER WILL BE ABROAD

Aside From the Passage of the Measure Little Business Will Be Accomplished Prior to Christmas Recess.

Washington, Dec. 18.—The two events of importance in the house this week before adjournment for the holiday recess on Wednesday will be the vote on the currency bill immediately after the reading of the journal and the announcement of the committees on Tuesday. Under the terms of the special order with the currency bill, neither a motion to recommit nor a substitute proposition is in order and the vote will be taken directly upon the passage of the bill.

"The result is a foregone conclusion as it will command every Republican vote. The interest in the vote, therefore, lies only in the record of Democratic affection. It will show that the eastern Democrats generally, with the exception of a few from New York, are not in line with their Democratic brethren from the south and west on the money question, but not all of them will vote for the bill. According to a careful canvass made by Mr. Overstreet (Ind.), who has been in charge of the measure, it will receive Democratic votes at least, and he believes seven Democrats will dodge. He figures that the bill will have a majority of 35.

No Program In Senate.

Washington, Dec. 18.—The senate has no program for the present week,

and the indications are that short daily sessions will be held and very little business transacted. Both houses will adjourn for the Christmas holidays on Wednesday. Outside of official nominations there is practically no business on the calendar, all important matters in committee having been delayed for the re-organization of the committees, effected at the close of business last week. It is expected that the financial bill will be received from the house during the week. It will be referred to the committee on finance. This committee expects to make its report soon after the resumption of business in the new year. The real work of the session will then be begun.

Youngest One Convicted.

Scranton, Pa., Dec. 18.—A murder trial in which three generations of a family were defendants ended with a verdict of manslaughter against Thomas Gallagher, 21, the youngest of the four defendants, and acquittal for his brother, Joseph Gallagher; his mother, Ann Gallagher, and his grandmother, Bridget Dempsey. The murderer for which they were tried was the killing of James Quinn, Sr., at Carbondale, Aug. 13 last, during a quarrel between the Quinns and Gallaghers.

Suicide of Mrs. Chinn.

Macon, Mo., Dec. 18.—Mrs. G. W. Chinn, wife of Shelby county's representative in the legislature, committed suicide at her home in Clarence by cutting her throat with a case knife. Mrs. Chinn was at the Sunday school, of which he is superintendent, and he found his wife alive on his return, but she died soon after. The deceased left a note stating she could not longer endure her troubles, which is supposed to refer to her ill health.</p

THE KENTUCKY CASE.

The Republican Campaign Doesn't Always Close With the Counting of the Ballots.

[Enquirer.]

The following remarks by the Boston Globe will make interesting reading for people "over the river." "Prophecies have been made without number that the Democratic Election Commissioners would count in Goebel. Now we see they have done nothing of the kind, but, on the contrary, have refused to take advantage of their Republican opponents in an election so close as to have afforded them many opportunities for giving the certificates to their own party. All who have demanded fair play of the Commissioners should be ready now to applaud the fair play which they have displayed in the face of great temptation."

Without going into a discussion of the merits of the case it may be said that a great many people are taking notice of the fact that although Mr. Taylor was given the certificate by a Democratic board, under the Goebel election law, he announces that the main object of his public life shall be to secure the repeal of that enactment. It is also noticed that the Republicans are better disciplined politicians than the Democrats are, and not so punctilious in yielding an advantage in a close fight. There is no moral doubt that the electoral vote of Kentucky was stolen for McKinley and Hobart in 1896. Neither is there much question that, had the circumstances been reversed at Frankfort the other day—had the Republicans been in the majority in the Election Commission, and had Goebel been in a small majority on the returns—the certificate would have been given to Taylor.

The Enquirer is making no fuss about this thing. It is accepting the situation. It is submitting to the forms of law, just as it did in the Kentucky fraud of 1896, and in the fraud of wider dimensions twenty years before. It merely wants to call attention to the fact that the Democratic leaders generally and generously yield the doubtful points, and frequently submit to positive swindling and outrage rather than break the peace. They seem to court only the remedy that the people may apply at the next election. Perhaps this is because they are virtuous and honest men, but we doubt not that the astute Republican leaders, in their private councils, agree that it is because they are "dampheads."

Anyhow, it is a prominent fact that the Republican campaign does not close when the ballots are in the boxes. The activity is maintained till the count is made; and such is the pre-eminent skill of the leaders that they are frequently able to convince a majority of the electors that they didn't know what they were talking about when they exercised the rights of electors at the polls.

QUALITY AND NEWS

Fame and Excellence are Determining Factors in Successful Developments.

One of the Important Functions of High-Class Newspapers.

In presenting interesting phases of scientific and economic problems, high-class newspapers frequently give information of great value in their advertising columns as in those devoted to the publication of the principal events of the day; and when the fame of a product is extended beyond its natural limits into foreign lands, and a large demand created throughout Great Britain and her colonies and the principal sea-ports and cities of Europe, Asia and Africa, it becomes a pleasant duty to note the fact and to tell of the points of excellence on which so great a success is based. We refer to the now world-famed laxative remedy, Syrup of Figs, the product of the California Fig Syrup Company. The merits of this well-known excellent laxative were first made known to the world through the medical journals and newspapers of the United States; and is one of the distinct achievements of the press. It is now well known that Syrup of Figs is an ethical proprietary remedy, approved by the most eminent physicians everywhere, because it is simple and effective, yet pleasant to the taste and acceptable to the system, and not only prompt in its beneficial effects, but also wholly free from any unpleasant after-effects. It is frequently referred to as the remedy of the healthy, because it is used by people who enjoy good health and who live well and feel well and are well informed on all subjects generally, including laxatives. In order to get its beneficial effects, it is necessary to get the genuine Syrup of Figs, which is manufactured by the California Fig Syrup Co. only.

The law requires for each farm the total acreage, acres improved, acres unimproved, acres irrigated, number of acres owned by occupant and number of acres leased or rented by occupant, value of farm land, value of buildings and permanent improvements, value of machinery, implements, vehicles, etc., thereon, acreage and quantity of crops raised in 1899, number and value on hand June 1, 1899, and quantity and value made in 1899.

A NATIVE OF MAYSVILLE.

Mr. Gilbert A. Phillips, Father of Mrs. John Barbour, Died Saturday Morning at His Home in Louisville.

A telegram Saturday announced the death of Mr. Gilbert A. Phillips, of Louisville, seventy-two years ago and was a schoolmate of Mr. W. N. Haldeman of the Courier-Journal. He was engaged in business in and about his native city for some time. In 1872 he moved to Louisville and resided there continuously until his death.

Mr. Phillips was born in Maysville seventy-two years ago and was a schoolmate of Mr. W. N. Haldeman of the Courier-Journal. He was engaged in business in and about his native city for some time. In 1872 he moved to Louisville and resided there continuously until his death.

In speaking of his death the Courier-Journal says: "He was a man of fine Christian character and highly respected. Mr. Phillips was a member of the famous old Louisville Legion and served with this regiment in the Mexican war. When the call to arms came for the Civil war he espoused the cause of the North and served under Gen. Nelson."

Deceased leaves three children, Mr. William B. Phillips, manager of the advertising department of the Courier-Journal; Miss Mary Phillips, of Louisville, and Mrs. Barbour, wife of Rev. Dr. John Barbour, of this city.

A SPECIAL from Knoxville says the Ohio, Tennessee and Carolina railroad was organized Friday to supplant the scheme of Col. Albert E. Boone to build the "Black Diamond" railroad from Columbus, O., to Port Royal, S. C. The failure to make a satisfactory deal for franchises of the Black Diamond railroad in Tennessee led Gen. William W. Kirkby, acting agent for English capital, to organize this new company. Kirkby secured an option on the franchises of the Black Diamond road in Carolina and Kentucky. Gen. Kirkby claims to have at his back enough money to build the road.

MR. E. W. MITCHEL.

Sudden Death of This Well Known and Highly Esteemed Citizen Early Sunday Morning.

Mr. E. W. Mitchel died suddenly Sunday morning about 6 o'clock at the family residence on East Second street.

Mr. Mitchel had long been a sufferer from asthma and heart trouble. Sunday morning he was taken with a fresh attack of his old trouble, and so quietly did the end come that his wife knew not that the messenger of death had entered the home until she tried to arouse her husband. The body was still warm, but the spirit had taken its departure.

Mr. Mitchel was born in Lewis County fifty-five years ago, and was a son of Robert and Mary Mitchel. He was the last of the family. For years he had resided in this city, where he was a member of the firm of Ball, Mitchel & Co., foundrymen. He was also engaged in the hardware business for several years, retiring from that business a year or so ago. As a citizen and upright business man he always enjoyed the confidence and esteem of the community.

His wife, who is a daughter of the late T. K. Ball, survives him, with four children, two sons and two daughters.

The funeral will take place Tuesday morning at 10 o'clock at the First Baptist Church, Rev. J. W. Porter officiating. Burial in the Maysville Cemetery.

BORN, Dec. 10th, to the wife of Mr. "BUTTER" Chamberlain, of Oldham County, a fine son.

This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. THE MOON'S ECLIPSE.

The Night Was Beautiful and a Fine View Was Had of the Interesting Event in the Sky.

The eclipse of the moon Saturday evening took place on the schedule time fixed by astronomers. The first noticeable obscuration was about 5:45 p. m. and it reached its greatest obscuration about 7:45. From that time the obscuration became less and less until the moon had come from the shadow entirely.

The eclipse was practically total, as the astronomers calculated that 996,100 of the moon would be obscured. To those who viewed the phenomenon the remaining 4,100 was barely visible.

At no time was it impossible to distinguish the outlines of the moon, as it appeared as a big ball of fire, dull red.

The Cincinnati Leaf Tobacco Warehouse Company in its circular for the week has the following:

Old tobacco took a turn for the better last week, and the sales were much more satisfactory than they have been for some time. There was stronger bidding by the large manufacturers, and the offerings, which were quite large, were readily taken at outside marks. Everything, excepting the very highest grades, sold at advanced prices.

At the present rate of selling old stock it will soon be exhausted. At least the stocks in the city are very light, and there are only occasional lots in the country yet to ship. True, there is but one more week in the year for the sales, but the immediate demands of the manufacturers in the first month or two of the new year will, to a large extent, have to be supplied by old tobacco, particularly so if the weather is unsuitable for the handling of the new crop. We think, therefore, that these goods are in a strong position.

New tobacco sold up to 1 1/2¢ at the Cincinnati-Miami House, and, while it did not participate

Someone

Remarked the other day that we have the most tastefully decorated show window in town, and that our display of Fine Cutlery and Brass Goods is the richest ever shown here. Extreme modesty deters us from telling of the many other pretty compliments we received on our holiday exhibit.....

Someone

is going to be made extremely happy this Christmas by receiving as a gift one of those elegant Carving Sets we show—a useful article every housekeeper longs to possess. Several pretty sets have already been put aside to await old "Santa's" coming, though others just as nice remain for tardy purchasers.

Someone

else will appreciate such a useful present as one of our handsome Brass Fire Sets or a case of those beautiful Pearl-handle Knives and Forks, of which we show a nice line. Where a combination of beauty and usefulness is desired, it would seem that the suggestion for gift-giving need go no farther.

Lewisburg precinct is noted for her large Democratic majorities and for her manly men that are always ready and willing to protect her womanly women and do not apologize to any power on earth. Mr. Yank can say and think what he pleases. If he does not like the atmosphere hereabouts, he can go north of Mason and Dixon's line, where perhaps soon is more appetizing.

Putting food into a diseased stomach is like putting money into a pocket with holes. The money is lost. All its value goes for nothing. When the stomach is diseased, with the allied organs of digestion and nutrition, the food which is put into it is largely lost. The nutriment is not extracted from it. The body is weak and the blood impoverished.

The pocket can be mended. The blood can be cured. That sterling medicine for the stomach and blood, Doctor Pearce's Golden Medical Discovery acts with peculiar promptness and power on the organs of digestion and nutrition. It is a positive cure for almost all disorders of these organs, and cures also such diseases of the heart, blood, liver and other organs, as have their cause in a weak or diseased condition of the stomach.
